

## Practical Dojo Projects

By Frank Zammetti

Apress. Paperback. Condition: New. 500 pages. The era of professional JavaScript development has arrived! Gone are the days when writing all the clientside code for your applications by hand yourself was the norm. Gone are the days when scrounging around the Internet to find a snippet of code to do something you need could lead to either decent code or utter garbage that youd surely regret using later. No, writing highquality JavaScript these days is a whole lot easier with the advent of topnotch libraries that save you time and effort, and one that stands out from most others is Dojo. Dojo is a library like few others: written by some of the best JavaScript coders around today, providing nearly everything youll need to write modern Rich Internet Applications, all in one place. From Ajax to widgets, to clientside persistence and language extensions, and many points in between, Dojo has it all. In Practical Dojo Projects, youll learn all about what Dojo has to offer. Youll see it in action in the form of five fully functional applications, which includeA contact manager for storing info for all the important people in your life A code cabinet: a place to store,...
