**Protein and Metabolite
Profiling of Grapes**
Instant notes for Basic Proteomics and metabolomics
Techniques

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Instant notes for Basic Proteomics and metabolomics Techniques | Grape (Vitis spp.) is the fruit that is being consumed worldwide. It is the golden coin with two sides, as it is used as table grapes for raw consumption and as wine variety used for making wine. Grapes contain high medicinal value like antiaging property and it is having a capacity to fight with cancer. The proteomic approach to grape berries provides a...
