## A HANDBOOK OF SEED CERTIFICATION

2012. Hardcover. Condition: New. 1st Edition. Language: English  
 Format: 16 x 24.5 x 1.5 cm; 249 pages  
 Availability of food grains per person has increased from 452 g per capita per day to over 476 g per capita per day, even as the country's human population almost doubled from 548 million to about 1025 million. This could have been possible due to the positive efforts of agricultural research and extension policies and availability of matching technologies for nutrient-water-soil-stress management with high yielding...

## Reviews

*This book is definitely worth acquiring. I have gone through and so I am certain that I will likely to read through again in the future. It's been printed in an exceptionally basic way in fact it is only after I finished reading this publication in which actually altered me, change the way in my opinion.*
