

## Time Refigured Myths, Foundation Texts and Imagined Communities

Filesize: 2.33 MB

### Reviews

*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be the best ebook for possibly.*

*(Mitchell Kuhn III)*

Litteraria Pragensia. Paperback. Condition: New. 383 pages. Dimensions: 8.2in. x 5.5in. x 1.0in. Focused on the myths and mythologies of European cultural history, this volume seeks to address the present and past functions of foundation texts in the evolution of the European idea. One of the specific objectives of this volume is to reconsider, in the context of ongoing European expansion and integration, the functionalist approach of Benedict Anderson, according to whom imagined communities . . . are to be distinguished, not by their falsitygenuineness, but by the style in which they are imagined. The common denominator of each of the essays contained in this volume is the problem of the discontinuity of time in relation to tradition, cultural and individual memory, as well as in relation to historical and literary narratives. Time becomes the locus of its own reflexivity: it is self-temporalized. It undergoes endless reiteration within itself, and needs a semantics which sets valid accents for specific moments. Martin Prochzka is Professor and Chair of English and American Studies at the Faculty of Philosophy, Charles University, and Editor of Literary Pragensia journal. He is the editor of *Byron: East and West* (Karolinum) and author of *Romantismus*. Ondrej Piln is Director of the Centre for Irish Studies, Prague, and editor of *From Brooke to Black Pastoral: Six Studies in Irish Literature and Culture*. He is the author of *Irony and Identity in Irish Drama*. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
