QUESTIONS about STATEMENTS? Find All the Answers Here! Are you considering buying a small business? Do you want to invest in a Fortune 500 company? Are you trying to sell your own business? Balance sheets and income statements are essential to helping you make informed decisions regarding important business transactions. But unless you're an accountant, these documents can be intimidating hodgepodes of columns, rows, and numbers. Don't fret. *Financial Statements Demystified* is just the tool you need. Devoid of confusing business jargon, this engaging and easy-to-follow guide defines basic financial statement terminology and explains the components of the four most common financial statements: Income Statement, Balance Sheet, Statement of Stockholders Equity, and Statement of Cash Flows. You will learn how to read, interpret, and use pivotal data from these sources--each of which will help you make accurate financial decisions without having to go back to school. This confusion-busting guide covers: An overview of financial statements--what they are and what they tell us Easy-to-understand explanations of profit and loss Statement of cash flows and special reporting issues How to spot fraudulently misstated financial statements...

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Ally Reichel

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*

-- Prof. Kirk Cruickshank DDS
