Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. It is highly regrettable that we live in perilous times where terrorist attacks are a fact of life if you live in the USA or Western Europe, but they can happen anywhere. It really does not matter whether the attack is from radicals, Muslim or Christian or Atheist, or the criminally insane - it is happening. It is predicted in this book that a terrorist attack will take place every three months in the USA or Western Europe for the foreseeable future. since publication in 2016 nothing has changed to challenge the prediction. It can happen to you and it usually does when least expected. The threat is very real and if so, what then? What do you do to survive? What can you do? How do you protect your family, yourself during such an attack? What happened in the past? What is the most likely scenario taking place in the future? What does the police expect you to do if anything? What happens if taken hostage and a rescue take place? Do you understand the Entebbe Principle in use by most SWAT and Special Forces Rescue Teams worldwide? The different types and phases of kidnapping? What do the words Double Tap mean to you? Do you know what pipe bombs look like in real life? A pressure cooker bomb? Any type of non-Hollywood high explosives, military, civilian or homemade? Do you know what an attack looks like, a looming attack? The signs are always there to spot. Can you read the warning signs from body language? What do you do at a crime scene? How do you deal with the media after surviving an attack? Do you understand that no...
