STEINER BOOKS, 2011. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. A Farmer s Love is the story of the author s spiritual journey and how his relationship to the Earth evolved from an experience of basic utility to an experience of abiding love. Farmers seldom bare their souls in books, but Walter Moora struggled and wrestled the words in this book from his heart. He offers more than specific descriptions of farming; he tells his life story as a biodynamic farmer and how he learned the lessons of creating healthy ecosystems on the farm through biodynamic preparations and by planting according to the stars. The author learned early in his farming career that working with Nature is infinitely more satisfying and ultimately far more successful than working against Nature with chemicals. His experience of farming biodynamically on four continents taught him to listen to what the land itself asks for. A Farmer s Love explains how nutrition in the food we eat comes directly from nutrition in the soil in which the plants grow. The book also explains ways the author learned to work with the soil to make it nutrient-rich without the use of synthetic chemicals. It chronicles Walter s experience of learning both the physical and spiritual aspects of creating a whole, healthy farm ecosystem. Through his life experiences, the author learned to trust his intuition, to take risks around his values, to find his soul s destiny, and to deal with death and loss by trusting that the very best things can come directly from the very worst things. This story is for those who want to enrich their spiritual connection with the Earth and for budding farmers everywhere who are interested in caring for the Earth in a new way....
