Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.THE central law of nature is the law of equilibrium. It is the law of rest, not only, but of motion, and of repose in motion; it is the indispensable law of progress. It is not merely coextensive with the law of gravity in the balancing of atoms and in the cycles of the stars. It is as inexorable in the spiritual and moral orders, in the affairs of the human mind and will, in the preservation and advancement of social and civil life. Its violation, if persevered in, always means catastrophe. In human things, where man has the physical power to disregard it, it has always been its own avenger whenever it has been antagonized or set aside or supplanted by arbitrary human provisions. It is not destroyed by being ignored, but with gathered momentum eventually crushes its way through human interference; and then puts equipoise into the ruins, for men to begin again, if they will, as followers and not as founders of nature's laws. Erroneous theories in philosophical systems and in plans of society and in economics and education, however plausible they may appear as outlined on paper and fortified by the prophecies of enthusiasts and backed by the hopes and support of the anxious and unthinking multitude, when put upon practical trial, must prove themselves unadapted to the end, in the inevitable retribution which follows rash experiment. Great, practical questions which have come up in the histories of peoples have never received a satisfactory solution where they have not been approached in a spirit of submission to nature's central law. Unfortunately, grave, practical questions are not always thus approached, to be determined...
