Brand New Book ***** Print on Demand *****.Explore and imagine the possibilities with Excel VBA User Forms! Excel spreadsheets will never look the same! Working with Excel spreadsheets can be very intimidating. Making large amounts of information available to any one person is very risky. The possibility exists that someone could compromise your data due to human error by inadvertently deleting, altering or accidentally updating the wrong record. Prevent this from happening by creating a User Form. A User Form is a graphical user interface, also known simply as a form that permits you to control the entry and modification of your data in an Excel spreadsheet. Through a simple approach you can learn how to add full functionality to a User Form that would permit the user to navigate, delete, add, save, update, print, search, open a website or email data. The Excel VBA User Form Conundrum book provides deliciously decadent collection of step-by-step quick and easy to follow insightful instructions for creating powerful, awe-inspiring, professional, elegant, impressive Excel VBA User Forms.
