

Structural Mechanics - Second Edition

By PAN SHU YONG

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 258 Publisher: Water Resources and Hydropower Pub. Date :2007-7-1. The book is divided into nine chapters. Content: Introduction. plane geometric composition analysis system. force analysis of statically determinate structure. the structure displacement calculation. force method (including no-hinged arch calculation). displacement method. the matrix displacement method. moment distribution method and influence lines chapters. This book is a secondary school water conservancy and hydropower engineering. hydraulic engineering profession. professional irrigation. water management professional structural mechanics course materials. but also for the professional civil engineering and civil staff of professional and technical training materials. reference is also available for engineering and technical personnel . Contents: First Edition Second Edition Preface Introduction Chapter 1 Introduction Section of Structural Mechanics Section II of the study and the task structure calculation and classification of Section diagram of the basic assumptions of structural mechanics and the principle of superposition Chapter plane system Section II outlines the geometric surface composition analysis system the concept of freedom of Section IV transient system composed of geometric rules of section V of the same system. composed of flat...

Reviews

The ebook is straightforward in go through preferable to recognize. It typically does not charge too much. Its been designed in an exceptionally straightforward way and it is just following i finished reading this book where basically altered me, affect the way i really believe.

-- Dr. Reta Murphy

It becomes an amazing pdf which i actually have at any time read through. This can be for all those who statte there had not been a worthy of reading through. You wont sense monotony at anytime of your own time (that's what catalogues are for relating to should you check with me).

-- Claud Kris
